KORAY KUTLU

SOFTWARE ENGINEER

Brussels, BE │ 0483-444-942 │ koraykutlu@hotmail.be

PROFILE SUMMARY

Having recently graduated from a High School of computer science (HE2B-ESI), it is with enthusiasm that I am looking to enter into the professional world. With a passion for learning and a great curiosity, I am excited to discover new technologies. As a curious and sporty person with a good team spirit, always having a good mood is very important for me.

EDUCATION

Full-Stack Ecommerce Website – Java Spring Boot / Angular   2025
Udemy (online course) – 26h

Bachlor in computer science – Distinction   2018 – 2023
HE2B – ESI – Ecole Supérieur d'Informatique, Brussels Belgium

High Secondary Education Certificate (CESS)   2012 – 2018
Athénée Marguerite Yourcenar, Brussels Belgium

EXPERIENCE

September, 2022 – January, 2023

Full-stack Web Developper

Alta, Brussels Belgium

My job was to maintain and improve/correct some hosted websites.
This internship taught me to read the code I didn't write and make modifications. I was able to collaborate with customers and hear their requests to implement them.
